

30th March 2021

Dear Parents and Students,

It has been great to have all our children back in school. The sound of learning coming from the classrooms is something that we have really missed the past year, not to mention the sound of the children playing during PE. Last week and this, has been assessment time for our students at all levels. By the end of this week, we will have successfully been able to complete a month of school work with face-to-face lessons with all pandemic related SOPs in place.

We need to be grateful to all of you in our community for this. Each of us have to ensure that we follow all the basic hygiene stipulated for this pandemic. We also need to ensure that a sick child doesn't come to school for everyone's safety.

Parents Teachers Meet Term II (23 April)

This Friday, 2 April will be the last day for this term. PTM for the Term II exams will be held as per our calendar on 23 April 2021. After discussing with the teachers, we have decided to have our PTM online for all levels from Year 1 to 8. Parents of students from Year 9 till 11 will be meeting the teachers face to face in the MPH on the same date. This is to ensure that we don't have too many people gathered around the school campus at any one time.

We will be sending you a google sheet for making your appointment time slot with your child's class and subject teacher later. To make it easier for you to discuss your child's progress, we will hand over the transcripts to your child a day before the PTM. As before, 24 April will not be a working day for students as teachers will be busy meeting parents albeit remotely.

The oral exams for Malay and Mandarin IGCSE for our Year 9 students will also be held during the term break.

Students are planning their own parties and picnics for the last two days of term. Please encourage them as it gives them a little break from their regular work and helps them bond with their peers. This is what they have missed the most with the school being closed for most of last year. Class teachers will ensure that all SOPs are maintained while the students enjoy some down time.

It has been a very unpredictable year and the school community has pulled together to ensure that your children's education and welfare is the number one priority. We are still very much in the midst of a pandemic, and until all are vaccinated, we need to remain vigilant.

I thank you again for all your co-operation, particularly when dropping and collecting your children to and from school. We had handed out laminated name cards to all our students to put on the dashboard of their cars. It will help us greatly during dismissal if this followed by all parents.
